You Can Afford A GRANT SIX

PERHAPS you think you cannot afford a motor car because you think that a satisfactory car must cost \$1100 or \$1200. But if you will look over the Grant Six at \$875 you will find that you can buy a full-sized, full-powered five passenger car with every improvement and refinement and that you can run this car for a good deal less than you think.

The Grant Six gets, on an average, 20 miles to a gallon of gasoline, 900 miles to a gallon of oil and 7000 miles or more out of a standard tire.

It is so sturdily built that your repair bills are extremely slight. Above all it is a car for the "first-car" buyer because its economy and dependability do not demand experience in running a car.

You want a car—everybody does. Get a Grant Six now and enjoy it. It will give you everything including looks, that any car up to \$1100 can give you.

Higher Prices for Dark Tobacco

Hopkinsville, Ky., Oct. 18.—The tobacco crop of the dark tobacco district promises the heaviest yield of the weed ever known in this section with corresponding indications of increased prices being paid for the crop. Last year the average of \$10.50 brought a wonderful prosperity to the farmers of this section.

Card Brings \$1.50

The Parcel Post sale, given Thursday evening by the members of the Wednesday Club, was altogether a marked success. The crowd, which was large considering the inclement weather, was a most sociable one therefore the occasion proved very delightful as well as profitable.

The sale of the parcels was intensely exciting just to settle one's curiosity of knowing what you would get, was worth the popular price of 12 and 15 cents. Some of the parcels were auctioned and the one which aroused the bidders to the highest pitch was a distinguished looking envelope marked from the White House. By request of one of the members, Mrs. J. Proctor Keith, the First Lady of the Land, Mrs. Woodrow Wilson, sent a beautiful card of the White House with her visiting card and "Best Wishes" attached.
